

Application For Contractor Registration Grade 2 To 9

INSTRUCTIONS:

The next eight pages are intended as a guide.

There are a total of seven pages at the back of this form to be completed.

When completing the application form:

- Print clearly, use black ink, and complete only the relevant parts, as described in **Table Ai & Aii**.
- Please submit the entire form to the cidb, even if you are not required to complete all sections.
- Photocopy any pages that do not have sufficient space or add a page for additional information.
- Applications without relevant supporting documentation will not be processed. See **Checklist**.
- *For more information or assistance, please see our contact details on guidance page i.*

CONDITIONS FOR REGISTRATION:

The contractor must:

- confirm particulars provided in this form annually;
- pay the relevant administration fee(s), as well as the stipulated annual fee;
- notify the cidb of any change of particulars relating to an existing registration;
- be free from any restrictions to tender;
- comply with the **Code of Conduct for All Parties Engaged in Construction Procurement**, as published by the cidb in the Government Gazette no. 25656 of 2003; also available at: www.cidb.org.za
- annually provide a valid, original tax clearance certificate, upon expiry of the previous certificate; and
- renew registration every three years for requalification of grades.

Table A: Use The following Tables to Guide You on Which Sections to Complete

• Please refer to Tables Ai & Aii for guidance.

Table Ai:

Type of applications	What sections should you complete
New Registrations <i>or</i> 3 Year-renewal	All sections
Upgrades <i>or</i> Additional classes of works,	Sections: A, B, D, E, F, I, G & H

Table Aii:

Section		Please submit the required documents for each of the sections applicable to your application	Contractors applying for the following grades		
			2	3 - 4	5 - 9

Table B: Classes of Construction Works

DEFINITION	BASIC WORKS TYPES	EXAMPLES
CIVIL ENGINEERING (CE)		
<p>Construction Works primarily concerned with materials such as steel, concrete, earth and rock and their application in the development, extension, installation, maintenance, removal, renovation, alteration, or dismantling of building and engineering infrastructure</p>	<p>Water, sewerage, roads, railways, harbours and transport, urban development & municipal services</p>	<ul style="list-style-type: none"> • Structures such as cooling tower, bridge culvert, dam, grand stand, road, railway, reservoir, runway, swimming pool, silo or tunnel. • The results of operations such as dredging, earthworks and geotechnical processes. • Township services, water treatment and supply, sewerage works, sanitation, soil conservation works, irrigation works, storm-water and drainage works, coastal works, ports, harbours, airports and pipelines
ELECTRICAL ENGINEERING WORKS - BUILDING (EB)		
<p>Construction Works that are primarily concerned with the installation, extension, modification or repair of electrical installations in or on any premises used for the transmission of electricity from a point of control to a point of consumption, including any article forming part of such an installation</p>	<p>All electrical equipment forming an integral and permanent part of buildings and/or structures, including any wiring, cable jointing and laying and electrical overhead line construction</p>	<ul style="list-style-type: none"> • Electrical installations in buildings • Electrical reticulations within a plot of land (erf) or building site • Standby plant and uninterrupted power supply • Verification and certification of electrical installations on premises
ELECTRICAL ENGINEERING WORKS - INFRASTRUCTURE (EP)		
<p>Construction Works that are primarily concerned with development, extension, installation, removal, renovation, alteration or dismantling of engineering infrastructure:</p> <p>a) relating to the generation, transmission and distribution of electricity; or</p> <p>b) Which cannot be classified as EB</p>	<p>Electrical power generation, transmission, control and distribution equipment & systems</p>	<ul style="list-style-type: none"> • Power generation • Street & area lighting • Substations & protection systems • Township reticulations • Transmission lines
GENERAL BUILDING WORKS (GB)		
<p>Construction Works that:</p> <p>a) are primarily concerned with the development, extension, installation, renewal, renovation, alteration, or dismantling of a permanent shelter for its occupants or contents; or</p> <p>b) cannot be categorized in terms of the definitions provided for civil engineering works, electrical engineering works, mechanical engineering works, or specialist works</p>	<p>Building & ancillary works other than those categorized as:</p> <ul style="list-style-type: none"> • civil engineering works • electrical engineering works • mechanical engineering works • specialist works 	<ul style="list-style-type: none"> • Buildings for domestic, industrial, institutional or commercial occupancies • Car ports • Stores • Walls

MECHANICAL ENGINEERING WORKS (ME)

<p>Construction Works that are primarily concerned with the development, extension, installation, removal, alteration, renewal of engineering infrastructure for gas transmission and distribution, solid waste disposal, heating, ventilation and cooling, chemical works, metallurgical works, manufacturing, food processing and materials handling</p>	<ul style="list-style-type: none"> • Machine systems including those relating to the environment of building interiors • Gas transmission and distribution systems • Pipelines • Materials handling, lifting machinery, heating, ventilation and cooling, pumps • Continuous process systems, chemical works, metallurgical works, manufacturing, food processing such as that in concentrator machinery and apparatus, oil and gas wells, smelters, cyanide plants, acid plants, metallurgical machinery, equipment and apparatus, and works necessary for the beneficiation of metals, minerals, rocks, petroleum and organic substances or other chemical processes 	<ul style="list-style-type: none"> • Air-conditioning and mechanical ventilation • Boiler installations and steam distribution • Central heating • Centralized hot water generation • Compressed air, gas & vacuum installations • Conveyor and materials handling installations • Continuous process systems involving chemical works, metallurgical works, oil and gas wells, acid plants, metallurgical machinery, equipment and apparatus, and works necessary for the beneficiation of metals, minerals, rocks, petroleum and organic substance and other chemical processes 	<ul style="list-style-type: none"> • Dust and sawdust extraction • Kitchen equipment • Laundry equipment • Refrigeration & cold rooms • Waste handling systems (including compactors)
--	---	--	--

SPECIALIST WORKS

SB	The extension, installation, repair, maintenance or renewal, or removal of asphalt.	SI	The development, extension, installation, repair, maintenance, renewal, removal, renovation, alteration or dismantling of lifts, escalators, travellers and hoisting machinery.
SC	The development, extension, installation, removal and dismantling, as relevant, associated with building excavations, shaft sinking and lateral earth support.	SJ	The development, installation, removal, or dismantling, as relevant, of piles and other specialized foundations for buildings and structures.
SD	The development, extension, installation, repair, renewal, removal or alteration of corrosion protection systems (cathodic, anodic and electrolytic).	SK	The installation, renewal, removal, alteration or dismantling, as relevant, road markings and signage.
SE	Demolition of buildings and engineering infrastructure and blasting.	SL	The development, extension, installation, renewal, removal, renovation, alteration or dismantling of structural steelwork and scaffolding.
SF	The development, extension, installation, renewal, removal, renovation, alteration or dismantling of fire prevention and protection infrastructure (drencher and sprinkler systems and fire installation).	SM	Timber buildings & structures.
SG	The development, extension, installation, renewal, removal, renovation, alteration or dismantling of glazing, curtain walls and shop fronts.	SN	The extension, installation, repair, maintenance, renewal, removal, renovation or alteration, as relevant, of the waterproofing of basements, roofs and walls using specialist systems.
SH	The development, extension, installation, maintenance, renewal, removal, alteration or dismantling, as relevant, of landscaping, irrigation and horticultural works.	SO	The development, extension, installation, renewal, removal, alteration, or dismantling or demolition of water installations and soil and waste water drainage associated with buildings (wet services and plumbing).
		SQ	The development, extension, installation, repairs, dismantling of precast walls, installation of wire perimeter fencing, diamond perimeter fencing, palisade steel fencing with posts and stay at intervals.

Note: For the Electrical Engineering (EB) class of construction works the applicant must submit an originally certified and signed electrical contractor's certificate issued in the name of the enterprise, by the Department of Labour.

How contractor grading designations are determined

- Your **contractor grading designation** is determined by your **financial capability** and your **works capability**.
- Your **financial capability** relates to your financial history (turnover), and the amount of working capital you can muster to sustain a contract, i.e. **available capital**. Available capital is determined from the liquid cash resources available to you, loans that may be leveraged and any financial sponsorship.
- Your **works capability** is determined by the largest contract you have undertaken and completed in your class of construction works (completed during the 5 years immediately preceding the application).
- Your **contractor grading designation** will be used by Government (national, provincial, municipal and state owned enterprises) to qualify your tender to be considered for a particular construction works contract. For example: if you are registered as a 5CE, you will be considered for public sector civil engineering works contracts of a value not exceeding R6.5 million. You may register for different classes of works, for example, you may be registered as a 5CE and as an 8ME. This means that you will also be considered for public sector mechanical engineering works contracts of a value not exceeding R130 million.

The records of one entity may be transferred to that of another entity and treated as if it were the same for the purposes of assessment where:

- the first contractor being a sole proprietor, partnership or trust who establishes a Company or Close Corporation in terms of the Companies Act, 2008 or the Close Corporations Act, 1984;
- a change of name of a company;
- the reconstruction of a company;
- the amalgamation of companies;
- the takeover of a company;

- the conversion of a company to a close corporation in terms of section 27 of the Close Corporations Act, 1984; or
- a change in membership or members' interests of a close corporation.

Table C: Tender Value Range

A registered contractor's grading designation (indicated in the first column, below), means that the contractor is considered capable of undertaking a contract less than or equal to the value indicated in the second column - within the contractor's registered class of works.

DESIGNATION	Less than or equal to
2	R 650 000
3	R 2 000 000
4	R 4 000 000
5	R 6 500 000
6	R 13 000 000
7	R 40 000 000
8	R 130 000 000
9	No Limit

Determining Financial Capability

The specific requirements that need to be satisfied in respect of the contractor grading designation being applied for; Depending on the contractor grading designation applied for, financial capability will be determined from:

- best turnover from the two financial years immediately preceding the application.
- the contractor must satisfy all the criteria relating to financial capability.
- the available capital that you are able to mobilise.

Table D: Determining Works Capability

The specific requirements that you need to satisfy in respect of the contractor grading designation applied are:

DESIGNATION	FINANCIAL & WORKS REQUIREMENTS
Grade 2	have completed a contract with the value of not less than R130 000
Grade 3	have completed a contract with the value of not less than R450 000 and either have best turnover not less than R1,000,000 or have available capital not less than R100 000.
Grade 4	have completed a contract with the value of not less than R 900 000 and either have best turnover not less than R 2 000 000 or have available capital not less than R200 000.
Grade 5 and higher	have works and financial capability not less than that tabulated in Table Di below, for the contractor grading designation applied for.

Table Di: Determining Financial Capability

Designation	Upper limit of tender value range	Best Annual Turnover	Largest Contract	Available Capital
2	R 650 000	-	R 130 000	-
3	R 2 000 000	R 1 000 000	R 450 000	R 100 000
4	R 4 000 000	R 2 000 000	R 900 000	R 200 000
5	R 6 500 000	R 3 250 000	R 1 500 000	R 650 000
6	R 13 000 000	R 6 500 000	R 3 000 000	R 1 300 000
7	R 40 000 000	R 20 000 000	R 9 000 000	R 4 000 000
8	R 130 000 000	R 65 000 000	R 30 000 000	R 13 000 000
9	No Limit	R 200 000 000	R 90 000 000	R 40 000 000

*NB: Full financial statements are required for Grading Designation 3 - 9. VAT 201's and VAT 213's may be requested.

The available capital is calculated by adding any financial sponsorships to the sum of the net asset value of a contractor as indicated in the contractor's financial statements, subject to the contribution made by financial sponsorships to available capital being limited to the values provided in Table D(ii) (NAV & Sponsorship)

A financial sponsorship must be a collectable financial guarantee by one person to another, (the beneficiary)

- for a determined amount;
- to support operations of the contractor concerned in order to complete projects;
- available to the beneficiary;
- If applicable, in a form acceptable to any financial institution in South Africa as defined in the Financial Services Board Act, 97 of 1990; and
- If not provided by a financial institution, to an amount which does not exceed 15% of the sponsor's net asset value as determined from the sponsor's latest financial statement.

Table Dii: Determining the Maximum Contribution of Sponsorship to Available Capital (AC)

Sponsor Type	Maximum contribution of sponsorship to available capital	
	Designation	Amount
cidb registered contractor (with excess available capital) or company with more than 50% shareholding in applicant (may sponsor up to 100% of the required AC)	3	R 100 000
	4	R 200 000
	5	R 650 000
	6	R 1,300 000
	7	R 4,000 000
	8	R 13 000 000
	9	R 40 000 000
company with 25% or more shareholding in applicant (may sponsor up to 75% of the required AC)	3	R 75 000
	4	R 150 000
	5	R 487 500
	6	R 975 000
	7	R 3 000 000
	8	R 9 750 000
	9	R 30 000 000
company with less than 25% shareholding in applicant (may sponsor up to 50% of the required AC)	3	R 50 000
	4	R 100 000
	5	R 325 000
	6	R 650 000
	7	R 2 000 000
	8	R 6 500 000
	9	R 20 000 000

Table E: Largest Contract Executed in the Last 5 Years

WORKS CAPABILITY		
Designation	Maximum value of contract that a contractor is considered capable of performing	Largest contract completed, during the 5 years immediately preceding the application, in the class of construction works applied for
2	R 650 000	R 130 000
3	R 2 000 000	R 450 000
4	R 4 000 000	R 900 000
5	R 6 500 000	R 1 500 000
6	R 13 000 000	R 3 000 000
7	R 40 000 000	R 9 000 000
8	R 130 000 000	R 30 000 000
9	No Limit	R 90 000 000

Important notes when submitting Track record

- **Letter of Award:** An award letter must be on a letterhead of the client, must be addressed to the contractor who was awarded the contract and must include the tender/service order number and the contract amount. The award letter must be signed and dated by an official from the client.
 - **Subcontracting work** must be accompanied by a sub-contract agreement.
 - **Joint Venture work** must be accompanied by the Joint Venture agreement.

Please note that track record equating to substantial **Supply of Materials, Provision of Labour and Plant Hire** will not be accepted as Track Record for cidb registration.

- **Certificate of Completion:** The Certificate of Completion must be on a letterhead of the client, must be addressed to the contractor who was awarded the contract and must include the tender/service order number and the contract amount. The Letter of Completion must be signed and dated by an official from the client.
- **Certificate of Payment:** The Final Payment Certificate must indicate the contract value and must be on a letterhead of the client. It must be addressed to the contractor using the track record and must include the tender/service order number. It should include all part payments made and must read as Final Payment Certificate. The Final Payment Certificate must be signed and dated by an official from the client. For public sector track record the payment stubs from the financial systems used by the public sector client (e.g. BAS) will be accepted, if only one payment was made.

Note: If track record was from a private sector client, the contractor’s supporting bank statements must be provided reflecting the payments received from the client into the company account. The bank statements must correlate with the initial value of the project award and must be stamped by the bank.

Potentially emerging Enterprises

A registered, potentially emerging contractor may be awarded a contract at one level higher than the enterprise’s registered contractor grading designation, if the client or employer:

- is satisfied that such a contractor has the potential to develop and qualify to be registered in that higher grade; and
- ensures that financial, management or other support is provided - in the context of a targeted development programme - to enable the contractor to successfully execute that contract.

Joint Ventures

- A joint venture is a grouping of two or more contractors who jointly undertake to perform a construction works contract.
- Any enterprise that tenders or enters a contract for construction works with the public sector, must be registered. Once-off joint ventures do not have to register. Each partner of the joint venture must be separately registered and the lead partner must have a contractor grading designation not lower than one level below the required grading designation in the class of construction works under consideration.
- The contractor grading designation for a once-off joint venture is assessed by the client, based on:
 - the sum of the best annual turnover of all the members of the joint venture;
 - the sum of the available capital of all the members of the joint venture; and
- The cidb has developed a calculator to enable assessment of joint ventures. This calculator is available on the cidb website at www.cidb.org.za.

Notwithstanding any calculation, the following partnerships amongst registered contractors are deemed to satisfy the contractor grading requirements for a joint venture in the following designations:

Enterprise name: _____

Table F: Joint Venture Combinations

<i>Joint Venture combinations to achieve a higher combined grade (deemed to satisfy joint venture arrangements)</i>	<i>Grade achieved by the Joint Venture</i>
<i>Three Grade 2 contractors</i>	3
<i>Three Grade 3 contractors</i>	4
<i>Two Grade 4 contractors or One Grade 4 and two Grade 3 contractors</i>	5
<i>Two Grade 5 contractors or One Grade 5 and two Grade 4 contractors</i>	6
<i>Two Grade 6 contractors or One Grade 6 and two Grade 5 contractors</i>	7
<i>Three Grade 7 contractors</i>	8
<i>Three Grade 8 contractors</i>	9

Contractor Registration Fees

Table G: Fees for Different Types of Applications

<i>Fees payable</i>	<i>New applications</i>	<i>Update to an existing registration</i>		<i>Three yearly renewal</i>
		<i>Annual confirmation of particulars</i>	<i>Amendment to category of registration</i>	
Administration Fee (non refundable)	Payable for each class of works	Not payable	Payable for each class of works being upgraded or added	Payable for each class of works
Annual Fee	Payable for highest grading designation only	Payable for highest grading designation only	Pro Rata annual fee: difference payable for higher grading designation	Payable for highest grading designation only

Table H: Calculating Fees Payable

<i>Contractor Grading Designation</i>	<i>Upper limit of Tender Value Range Designation</i>	<i>Administration / Renewal Fee in respect of each Grade applied for</i>	<i>Annual Fees Payable in respect of the Highest Contractor Grading Designation</i>
2	R 650 000	R 450	R 250
3	R 2 000 000	R 750	R 350
4	R 4 000 000	R 750	R 900
5	R 6 500 000	R 750	R 1 750
6	R 13 000 000	R 750	R 3 500
7	R 40 000 000	R 750	R 9 000
8	R 130 000 000	R 750	R 29 000
9	No Limit	R 750	R 55 000

Example: Calculating Fees

A contractor applies for 2GB and 8CE. The contractor will be required to pay the following fees:

Table I: Example - Calculating Fees Payable

<i>Tender Value Range</i>	<i>Class of Construction Works</i>	<i>Admin Fee Payable (determined by the tender value range applied for)</i>
2	GB	R 450
8	CE	R 750
Sub-Total		R 1200
Plus Annual Fee (determined by highest tender value range applied for)		R 29 000
Total Due (Total admin plus annual fee)		R 30 200

Payment

- By Electronic Transfer or Bank Deposit. Our bank details are as follows:

Account Name:	<i>Construction Industry Development Board NO.2</i>	Account Number:	<i>03 224 3464</i>
Bank:	<i>Standard Bank</i>	Bank Code:	<i>01-23-45-15</i>
Branch:	<i>Menlyn</i>	Account Type:	<i>Current Account</i>

Note:

Please use your enterprise name as the reference when making payment.

Contractors already registered with the cidb, should please use their cidb registration number (CRS number) as the reference.

Please note that the cidb **does not** accept cash payments & cheques over the counter.

Checklist

Use the **Checklist** to make sure that you are submitting all the required supporting information. If you are not required to complete a specific section of the form, you are also not required to submit the required supporting documentation.

CHECKLIST FOR SUPPORTING DOCUMENTATION

Provide the following supporting documentation only for those sections you had to complete.
(See Table Ai & Aii on Guidance page a for guidance on required sections to be completed)

Supplied by
Contractor

Received
(OFFICE USE ONLY)

	YES	NO	YES	NO
SECTION B i: Enterprise Particulars				
Close Corporation (latest CK1 / CK2)				
Company:				
• Certificate of Incorporation (CM1) / CoR 14.3				
• List of all active directors (CM29) / CoR 39				
• Share certificates				
• All name change certificates (CM9) (if applicable)				
Partnership (partnership agreement)				
Trust (a copy of the trust deed or JM21)				
Co-Operatives – CR 10 (Certificate of Incorporation). A list of all directors in a table format with their names, surnames, ID numbers, addresses and signed by all				
SECTION B ii: Principals and Ownership / Interest				
Attach originally certified copies of Identity Documents . <i>The validity period for certification is 3 months</i>				
SECTION D: Financial Requirements				
Attach a complete set of financial statements (compliant with GAAP or IFRS) for the 2 financial years immediately preceding the application:				
• Public / Private company – <i>as per the provision of Companies Ac No. 71 of 2008 as amended</i>				
• Trust - <i>as per the provision of Companies Ac No. 71 of 2008 as amended</i>				
• Close Corporation - <i>as per the provision of Companies Ac No. 71 of 2008 as amended</i>				
• Partnership - <i>as per the provision of Companies Ac No. 71 of 2008 as amended</i>				
• Sole Traders - <i>as per the provision of Companies Ac No. 71 of 2008 as amended</i>				
• Co-operatives - <i>as per the provision of Companies Ac No. 71 of 2008 as amended</i>				
SECTION D i: Best Annual Turnover				
• VAT Returns (201&213) or SARS Statement of Account for the period in question may be requested				
SECTION D ii: Available Capital				
Description and proof of financial sponsorship(s)				
• Financial institution sponsorship OR				
• Letter of sponsorship undertaking in the form of a members resolution from a CC and a board resolution from a Company				
• If sponsor is a not a financial institution please attach the sponsors latest set of financial statements (compliant with GAAP or IFRS)				
SECTION E: Track Record				
For each class of works applied for, attach copies of:				
• Letter of award on a letterhead of the client and addressed to contractor, signed and dated				
• Certificate of completion; and				
• Final payment certificate indicating the contract value. Maintenance contractors may provide latest payment certificate indicating the value of work done to date				
• Joint Venture agreement (if applicable);				
• Sub-contract agreement and corresponding bank statements (stamped) may be requested.				
• Private Sector Contract – Purchase Orders, Contract Agreement, corresponding bank statements (stamped), Tax Invoices and Remittance advices.				
• Projects with more than one Class of Work – Submit a breakdown showing the value of each class of work applied for				
SECTION E iv: Transfer of Track Record				
Attach particulars of changes in name or company type OR				
Auditors letter confirming changes in company structure				
SECTION F : Requirements for Registration in Electrical Engineering for EB class of works				
Attach originally certified and signed copy of the enterprise's valid Electrical Contractor's Certificate *NB: (The validity period for certification is 3 months)				
SECTION H: Payment of Fees				
Attach proof of payment (please use your company name or CRS number as the reference number when making payment)				
SECTION I: Declaration				
Attach valid, original Tax Clearance Certificate and;				
Ensure that the declaration is signed

Enterprise name: _____

Section I DECLARATION BY CONTRACTOR

Please tick the box if you consent to the sharing of financial information supplied to the **cidb** with an approved and authorized financial services provider

In support of facilitating access to finance for contractor growth and development, I hereby authorize the **cidb** to disclose financial information to an approved and authorized financial services provider upon request for such.

I, the undersigned, hereby:

• **declare that:**

- I am duly authorised to sign this application on behalf of the enterprise;
- The information furnished, as well as all documentation submitted in support of this application, is true and correct in every respect; and have been lawfully obtained; (Please attach a valid, original Tax Clearance Certificate.)
- The enterprise will abide by the **Code of Conduct for All Parties Engaged in Construction Procurement**, as published by the **cidb** in the Government Gazette no. 25656 of 2003. (Also available at: www.cidb.org.za);
- Neither the name of the enterprise or the name of any partner, member, director, manager or person, who wholly or partly exercises, or may exercise, control over the enterprise, appears on the Register of Tender Defaulters established in terms of the Prevention and Combating of Corrupt Activities Act of 2004;
- No partner, member, director, manager or other person, who wholly or partly exercises, or may exercise, control over the enterprise, has within the last five years been convicted of fraud or corruption;
- I will provide to the **cidb** any additional information that may be required with regards to this application.

• **understand that:**

- Registration is subject to the conditions referred to on **the front cover** of this form;
- Incomplete applications result in delays in processing.
- Applications without relevant supporting documentation will not be processed.
- The administration fee payable per class of works applied for is non-refundable.
- The **cidb** will grade my enterprise based on the information provided.
- False information provided or a false declaration is a punishable offence in terms of the **cidb ACT**, Regulations and other applicable laws.

• **authorise:**

- The **cidb** to verify the information supplied in this form;
- The **cidb** to publicly display my contractor grading designation.
